Unfortunately, none of the candidates for the offices of District Attorney and Senate District 10 received 60% of the members' votes.

A great thanks and a deep appreciation to each of the candidates who participated in this process. We consider their willingness to seek our endorsement to be a great sign of respect and acknowledgment of the Asian/Pacific American electorate and we look forward to our General Election endorsements in September. To be able to vote in our endorsement process you must be a member in good standing 90 days before our meetings projected to take place in September. We are planning to hold three separate endorsement meetings to cover candidates in the County's three regions (Tri-Valley, South County, and the northern portion of the County (Albany, Berkeley, Emeryville, Oakland, and Alameda).
