CANDIDATE QUESTIONS - Central Committee

1. What percentage of the district in which you are running are of APA heritage? And what are top three Asian ethnic groups? *

My District includes Berkeley (20%), Albany (30%), Piedmont (1%) & North Oakland (16%); Chinese, Indian, & Filipino.

2. Asian Americans are the fastest growing population in Alameda County and are in the majority in three cities. While the majority are Democrats, a growing number are registering as No Party Preference. How can the Central Committee be more relevant to these communities? *

The Central Committee can be more relevant to these communities by increasing out reach efforts, to ensure the priorities of their constituents are being heard. In addition, this encourage and empower these community members to be active in the party and center their voices.

3. List three ways in which you could help the CC promote a greater awareness of issues of concern to the A/PA communities and support greater representation on elected bodies. *

Attend community events and bring those issues to the committee, work with community members on resolutions, ensure information is translated so everyone can be aware of what is going on.

4. Please name local Asian American candidates the Central Committee has endorsed in the past 10 years. *

I am new so I am unaware of any endorsements by the Central Committee

5. Proposing and adopting resolutions is one of the main functions of the CC. Some of the resolutions over the past several years impacted members of the APA communities. Please comment on what you think of those resolutions. *

* Incumbents - response is required.

see above

6. Do you believe that the vetting process for Resolutions is adequate? Please explain your response. *

I am not familiar with the current vetting process but I have been in government for 10 years writing resolutions and ordinance to municipal codes and my top priorities are transparency and community buy in.

7. How impactful have the past resolutions been on the quality of life for low-income Alameda County residents? *

I am not familiar with many of the resolutions but I think that they have not been impactful enough based on what I have seen, the quality of life for low income residents has not improved and huge equity problems subsist. With the digital divide and covid it gets harder to reach these residents, particularly our elders.
